Design, Development, Manufacture and Sales of Sterile Hypodermic Disposable Syringes with or without Needles, Bulk Needles and Infusion Sets

CHAIRMAN PROFILE

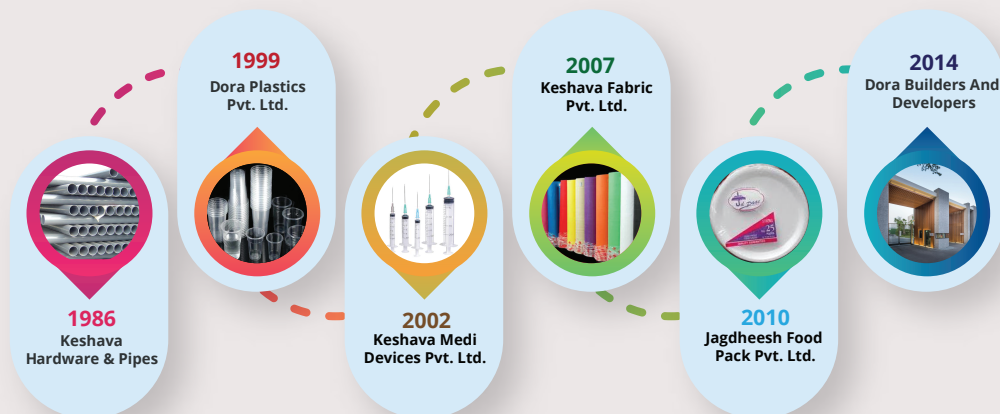

Mr. Tanikonda Kesavulu Naidu, an agriculturist, industrialist and the founder of Dora Group of Companies. He was born on 03th March 1967, Tirupati, Andhra Pradesh, India. In his early career, his passion towards the business made him think out of the box. He has proved by establishing and accomplishing his vision in different fields of business.

ACHIEVEMENTS

He has received various awards for his accomplishment and hard work towards his entrepreneurship skills and establishments.

- 1) Business Leader Award in the year 2015 in the field of Manufacturing Sector by TV5.
- 2) Jewel of India Award in the year 2015 by INDIAN SOLIDARITY COUNCIL.
- 3) Asia Pacific International Award in the year 2017 for Business Entrepreneurship.

COMPANY HISTORY

- Initially he started with a shop in 1986 in Tirupati under the name, Keshava Hardwares & Pipes, and took up distribution of, Nandi PVC pipes, is the prime promoter of Dora Group. Over the years, his hard work and passion made him the leading distributor in the Tirupati region. In the coming years, he diversified into many sectors and proved to be a great Entrepreneur.

- He founded M/s Dora Plastics Pvt. Ltd. in the year 1999. The products manufactured are disposable cups and containers with 32 varieties of designs.

Sincerity towards the business showed T Kesavulu Naidu runaway success in a short span of time.

- After the immense success of Dora Plastics, he stepped into the Health care Industry and founded M/s Keshava Medi Devices Pvt Ltd. in the year 2002. KMD, backed by excellent infrastructure and technical team. It is a growing player and is trying to emerge as a leading player in the Health care industry. M/s Keshava Medi Devices Private Limited conforms to new Medical Device Regulatory, ISO 13485:2016 and CE standards and is one of the leading suppliers of Medical Disposable Syringes, needles & infusion sets in India with all over domestic level distributors, Government Agencies and exports in the medical disposable products.

- Further, he founded Keshava Fabric Pvt Ltd in the year 2007 under the brand name KF4. Due to the increasing issues related to usage of plastic bags, he came up with spunbond non-woven fabric rolls which is used for many applicants like shopping bags, rice bags, Medical surgical masks and PPE Kits fabric that is environmental friendly.

- In the years that followed by, Jagadheesh Food Pack Pvt Ltd. was founded in the year 2010 under the brand name JDF Paac. The products manufactured are Disposable thermocol plates bowls and cups. The purpose of the product was to give people an option of eating away from home without disturbing the nutritional value of food.

- Dora Builders and Developers, was established in the year Oct 2014. This is the real estate company and we have successfully completed different projects and layouts in different areas. The main agenda of this company is to provide world class infrastructure and better living to the people.
